I. Administration

The State Board of Financial Institutions is a ten member board that meets monthly. The State Treasurer is Chairman and ex officio member. The board supervises financial institutions under its jurisdiction. This includes the promulgation of regulations and instructions relating to supervision of financial institutions, as well as the consideration of applications for new banks, savings banks, trust companies, savings and loan associations, credit unions, consumer finance licenses, and preneed funeral contract licenses to funeral homes, and the consideration of applications for branches of banks, savings banks, savings and loan associations, and credit unions.

II. Examining Division

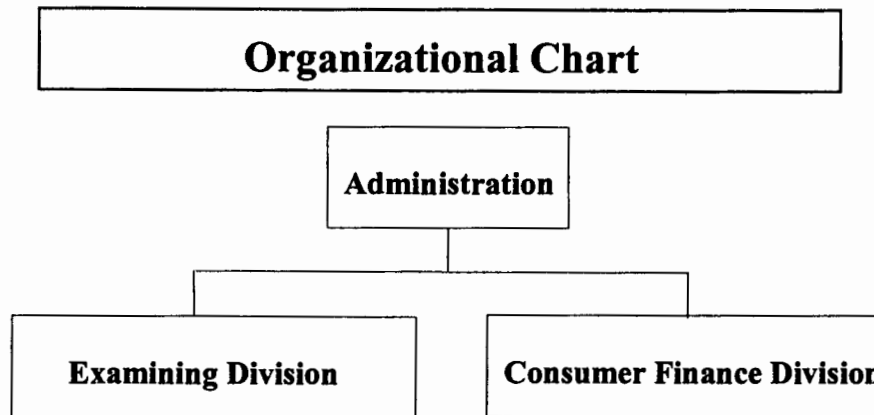

The Commissioner of Banking, who reports to the State Board of Financial Institutions, is in charge of this division which examines and supervises trust companies, banks, savings banks, savings and loan associations, and credit unions, and issues licenses to funeral homes that sell preneed funeral contracts. The division makes investigations for new bank, savings bank, trust company, credit union and savings and loan association charter applications and investigations for branch applications. The division reviews bank reports of examination made by the Federal Deposit Insurance Corporation and the Federal Reserve Bank. The division receives and processes applications for holding company acquisitions. Through examination procedures, the division keeps the State Board of Financial Institutions advised of the condition of financial institutions under its control. The division keeps in constant contact with these institutions. The division calls on banks, savings banks and trust companies four times annually for reports of condition, and earnings and dividend reports. The division calls on savings and loan associations twice annually and credit unions annually. The division determines if State laws, rules, regulations, and instructions of the Board are complied with, and reports any criminal violations to the Board.
